Subject: Ten Dollar Fee per Permit – Clarification on Applicable Permits

Effective January 1, 2027:

In accordance with La. R.S. 37:3730(C)(2) of Act 881 of the 2026 Regular Session of the Louisiana Legislature, the Commission may collect a fee on any permits issued by a local government authority. Furthermore, under LUCCC Resolution 2026-01 adopted on July 7, 2026, the Commission has set the fee amount to ten dollars per permit.

In accordance with La. R.S. 37:3728(A)(16), a “permit” is defined as an official document issued by a municipal, local, or parish government authority for the construction, alteration, relocation, enlargement, replacement, repair, equipment, use and occupancy, location, maintenance, removal, or demolition of a building, structure, or any appurtenances connected or attached to such buildings or structures. A permit authorizes the performance of a specified activity and complies with the Uniform Construction Code and other regulations.

At the Commission meeting held on **September 1, 2026**, additional clarification was approved by majority vote to specify which permits the ten-dollar fee applies to. The fee will apply to the following permits:

- **New construction;** *(including accessory structures and swimming pools)*
- **Renovation;** *(including accessory structures and swimming pools)*
- **Additions;**
- **Roofing;**
- **Elevation;** and
- **House placement and moving** *(including manufactured, modular, and traditional structures).*

The Commission has determined that all fees collected shall be remitted quarterly.

Information regarding the remittal process and reporting requirements will be sent at a later date.
